Blood tears

—-okay so this takes place in an au FYI and that's why nothing makes sense——

Scourge was sitting by the lake being sad, his tears drilled down his face like bonkers and fell into the lake. He was very upset. This was the lake ashfur used to chill at btw.

Speaking of ashfur, he too was going to the lake. The epic fire scene happened just before this and he was very heated about it. "Man I hate that squirrelflight and her three children too. I wish I could burn them all to death but that plan failed :(" he was vry angry and stuff so he went to the lake (the same lake scourge was at) to calm down. He flipped his scene hair and went.

Scourge heard footsteps and turned around, shocked, it was....ashfur!

"Ashfur?" Scourge said it a very low sexy cat voice, he had the voice of a 1930s Hollywood actor that smoked, but scourge didn't smoke because he's a cat. Marlon Brando energy. He blushed slightly at the sight of him.

"S-scourge..? What are you doing here?" Ashfur meowed, puzzled and no longer angry.

"A-ah, right" he blushed, embarrassed. "You see, I'm in shadowclan but nobody likes me in shadowclan because my spiky tooth collar spikes people and they bully me for it." He did a sad face and turned his head so his emo hair covered his face. "That's why I left to be here. I might run away."

Ashfur was stunned, perplexed, shocked. "Fuck man. That bites."

Scourge nodded, sad. A single tear fell from his eye and he turned to ashfur, moonlight outlining his sleek black fur pelt. His eyes were sparkling for two reasons, first he was really hot and two, his eyes were wet from crying.

"Before I leave shadowclan forever, I must confess something to you, ashfur."

Ashfur paced to scourge and held scourges paw towards his chest, heart beating fast. "yeas?"

"I-I-I love you..!" He quickly turned away after those words, still blushing.

Ashfur took scourges face and kissed him, they then made out for like an hour and they had a grand time. They stayed there for hours by the lake in each others embrace(?)

That night they ran away together to form bloodclan and be emo.

despair betrayal????

twas a normal day, a normal love day or so most thought.

ashfur was coming home to his dumpster home (in case you didnt remember, he and scourge ran away together and are now in bloodclan, cat married.)

ashfur was in a good mood because he brought home whatever cats ate in blood clan, rats are gross and he sure as hell isnt bringing his husband sewage.

as ashfur made his way to the pad, he got a general feeling of unease, but what could be wrong?

ashfur finally got to his dumpster that he and scourge lived in (its clean dw) but heard weird sounds inside it....

he opened the door "honey, im ho-"

stunned silence.

he walked in on scourge and squirrelflight,,,doing the [REDACTED]

ashfur was so distraught that he dropped his briefcase and gasped loudly, making the two adulterers spin around to face him.

ashfur fled the gross 18+ scene that i dont want to describe cuz sex is gross and cried blood tears as he went. scourge ran after him while squirrelflight just kinda sat there vibing.

it took most of the day but scourge eventually found ashfur by the lake in the first chapter (which is kinda impressive since thats stupid far away) ashur was still crying btw.

"a-ashfur.." scourge stammered, approaching him carefully.

ashfur did that edgy anime glare villains do, his mascara running down his face, eyes red with upsetness.

"you terrible cat, you.." ashur said "its one thing to cheat on me...but with my ex????"

scourge had been called out, canceled, ruined, fired, there was no way to fix his love life.

ashfur turned back around, still crying. "and now...im going to die because of you."

"wait what" said scourge.

"im dying.....of heartbreak...!" cried ashfur as he fell over and into the water like a bag of sawdust and bricks.

"oh snap!" said scourge, mortified as he ran to ashfurs side. "no waiit! i take it all back, dont go ashfur!!!"

but it was already too late. ashfur died in scourges arms and it kinda looked like the final scene from mice and men but not quite.

scourge was officially alone.
